

CERTIFICATE OF VERIFICATION

AI-Powered Environmental Verification Platform

This certificate confirms that the submitted evidence has been analyzed using VisionLedger's AI verification engine and permanently anchored on the Ethereum Sepolia blockchain.

Certificate Information

Certificate ID	CLM-TEST-001
Claim ID	test-123
Claim Type	Tree Plantation
Verification Status	Verified
Confidence Score	95.0%
Estimated Quantity	150
Issue Date	July 10, 2026
Verification Time	15:50:26 UTC

AI Verification Summary

Reasoning:

AI detected 150 trees with high confidence

Detected Objects:

trees, saplings, soil

Limitations:

Limited to visible area in image

Recommendation:

Claim verified successfully

Blockchain Verification

Verification Hash	0xabcdef1234567890abcdef1234567890abcdef1234567890abcdef1234567890abcdef1234567890
Transaction Hash	0x1234567890abcdef1234567890abcdef1234567890abcdef1234567890abcdef1234567890
Contract Address	0x1234567890123456789012345678901234567890
Block Number	#12345678
Network	Ethereum Sepolia
